ALIFAH MAULIDDIN NUR IKHSAN, S.T.

Fullstack, Network, and EdTech Engineer · Web · Mobile · AR · Institutional Systems

Yogyakarta, Indonesia (open to remote & relocation) · +62 857-1349-9514 · alif.maulidin@gmail.com

LinkedIn: linkedin.com/in/maulidinalif · GitHub: github.com/mauliv · Portfolio: mauliv.github.io

Fullstack, Network, and EdTech Engineer with a Bachelor of Engineering in IT (UNY, GPA 3.77) and 5+ years building high-concurrency web platforms, mobile AR learning tools, and institutional operations. Specialized in PHP (Laravel, Native), PostgreSQL, TypeScript, Unity 3D/Vuforia AR, Linux administration, and campus systems. Seeking Fullstack or EdTech Engineering roles focused on high-concurrency reliability, interactive learning software, and institutional systems.

EDUCATION

Universitas Negeri Yogyakarta (UNY) — Yogyakarta, Indonesia

Bachelor of Engineering (S.T.) in Information Technology | GPA: 3.77 / 4.00 — Graduated: July 2026

- **Undergraduate Thesis:** Application of WebQual 4.0 & Importance-Performance Analysis (IPA) to Measure the Quality of UNY International Mobility Information System (SIMOBY UNY).

SMK Negeri 3 Yogyakarta — Yogyakarta, Indonesia

Vocational High School Diploma, Computer Network Engineering (TKJ) | Average Score: 85.3 — 2016 – 2019

- **Engineering Capstone Project:** Network Attached Storage (NAS) Server Deployment with XigmaNAS: configured FreeBSD ZFS storage pools, RBAC, and multi-user NFS/SMB network shares.

PROFESSIONAL EXPERIENCE

International Office, UNY — Yogyakarta, Indonesia

Fullstack, Network, and EdTech Engineer & Campus Operations (Student Employee: University Executive Appointment) — August 2020 – July 2026

- **Institutional IT & Operations Leadership:** Appointed across 5 consecutive annual Rector Decrees as the sole technical IT student employee and operations lead; directed departmental digital workflows, campus systems support, and 10 recurring international exchange cohorts across 2 core university partners (7 Nanyang Polytechnic Singapore, 3 Western Sydney University Australia).
- **Campus Web Portals & Mobility Research:** Developed and maintained the official International Office web gateway (io.uny.ac.id) and mobility registration workflows; evaluated the SIMOBY mobility CRM via WebQual 4.0 and Importance-Performance Analysis (IPA) for undergraduate engineering thesis.
- **Courseware Support & Admissions Logistics:** Assisted faculty with digital courseware configuration on Moodle platforms, structuring instructional layouts, learning materials, and quizzes; coordinated operational logistics for prospective international student selection.
- **Statutory Immigration & Regulatory Compliance:** Administered statutory immigration compliance with the Directorate General of Immigration: E-Visa processing, Limited Stay Permits (ITAS/KITAS), Temporary Domicile Certificates (SKTT Dukcapil), Police Reports (STM), and departure clearances (EPO) for 200+ foreign scholars with zero legal infractions across 5 years.
- **Delegations & Institutional PR:** Coordinated diplomatic liaison and protocol for visiting university leadership delegations (UiTM, UMPSA, PKNU, PNU) and 20 parallel bilateral discussion rooms at GLOSHIP 2025; grew official @io.uny communications channel from 0 to 8,000+ followers.

Universitas Negeri Yogyakarta — Yogyakarta, Indonesia

Lead Systems Architect & Developer: Pemilwa E-Voting Platform — August 2020 – Present

- **High-Concurrency Election Engine:** Architected and maintained official university-wide student election platform (pemilwa.uny.ac.id) built in Native PHP and PostgreSQL; served 39,725 eligible student voters (DPT) across 8 faculties with 100% service availability over 5 consecutive annual election cycles.
- **5-Tier Unified Ballot & Concurrency Control:** Engineered a 5-tier unified single-page responsive ballot booth presenting all student governance races simultaneously; enforced atomic multi-ballot submissions with PostgreSQL row locking, preventing vote loss, partial dropouts, and race conditions during peak traffic windows.
- **SSO Security & Governance Integrity:** Integrated institutional Central Authentication Service (CAS) Single Sign-On over TLS, dual-key KPU & BAWASLU digital ballot box unlock modules, and tamper-evident hashed session audit trails with automated voting time-window guards on on-premise university data center servers.

Faculty of Engineering, Universitas Negeri Yogyakarta — Yogyakarta, Indonesia

Teaching Assistant (Asisten Dosen): Web Development & Fundamental Programming — January 2024 – July 2024

- **Curriculum & Technical Instruction:** Instructed 40+ Electrical Engineering undergraduates in full-stack web development (HTML, CSS, JavaScript, PHP, MySQL) across 2 semesters, conducting weekly live coding demonstrations and code reviews.
- **Project Mentorship:** Mentored 40+ students through end-to-end web deployment projects, teaching relational database design, clean coding standards, and server configuration.

PrivyID (PT Privy Identitas Digital) — Yogyakarta, Indonesia

Data Operations & Verification Intern — June 2019 – August 2019

- **Identity Verification & Compliance:** Processed and verified enterprise client identity credentials adhering to national digital certificate regulations and ISO/IEC 27001 data security standards with zero compliance errors.

UPT Telematika, UPN 'Veteran' Yogyakarta — Yogyakarta, Indonesia

Computer Network Engineering Intern — September 2018 – November 2018

- **Campus Network Infrastructure:** Installed and bench-tested Cisco Switch 3850 hardware and terminated fiber optic cabling across campus facilities; diagnosed VLAN routing and subnetting.

LEADERSHIP & COMMUNITY IMPACT

UKM Rekayasa Teknologi (RESTek) UNY — Yogyakarta, Indonesia
Chairman & Head of IT Research Division (INFINITE) — November 2019 – January 2023

- **Executive Engineering Governance:** Directed university-wide student engineering research organization across 5 specialized technical divisions (Automotive, Robotics, IT Research, Energy, Aero-technology); managed annual budget allocations, engineering milestones, and competition logistics.
- **National Championship Victory:** Directed team operations culminating in 1st Place National Champion at Kontes Mobil Hemat Energi (KMHE 2022) in Urban Concept ICE Gasoline category against premier Indonesian technical universities.
- **INFINITE IT Research Leadership:** Led the INFINITE IT Research Division, introducing the 'Code, Collab, Commit' initiative to establish version control and code review standards; directed development of campus utility tools (unyku.id) and event portals.

Google Developer Student Clubs (GDSC), UNY Chapter — Yogyakarta, Indonesia
Chapter Lead & Technical Director — August 2020 – August 2022

- **Community Leadership & Scale:** Elected to a 2-year tenure leading the official Google Developers student community at UNY; launched the 'Code, Collab, Commit' initiative, directing developer curriculum and technical event pipelines for 200+ student engineers.
- **Hands-on Study Jams & Cloud Labs:** Organized hands-on coding sessions, cloud hackathons, and developer panels covering Web Development, Android SDK, and Google Cloud Platform (GCP) for practical deployment.

National Rural MSME Digitalization Grant (Ministry of Education PHP2D) — Gunungkidul, Indonesia
Technology Lead & Grant Co-Recipient — July 2021 – December 2021

- **Funding & Grant Administration:** Co-recipient and technical lead for an IDR 44,643,000 national community empowerment grant awarded by the Ministry of Education Belmawa (Decree No. 28/E2/KM/2021) and UNY.
- **Supply Chain Digitization & Procurement:** Architected direct-to-consumer web portal (kerupukpatilo.id) with automated WhatsApp dispatch; coordinated technical procurement, safety compliance, and operational SOPs for 2 custom industrial cassava-processing machines (200 kg batch capacity) for rural food cooperatives.

SELECTED ENGINEERING & EDTECH PROJECTS

Plant Escape: Mobile AR Educational Tool — Unity 3D · Vuforia Engine · C# · Android
Lead Developer & Research Grant Co-Recipient — June 2022 – October 2022

- **Mobile AR Computer Vision:** Engineered interactive mobile Augmented Reality Android application using Unity 3D and Vuforia Engine paired with a physical 58-card science deck to mitigate biology learning loss; achieved 100% target detection across 5–100 cm under variable classroom lighting.
- **Grant Funding & Intellectual Property:** Funded by IDR 6M Kemendikbudristek PKM-RSH grant, selected as National Finalist at PIMNAS 35 (2022), and granted two official copyright certificates by DJKI Kemenkumham (No. 000377191 & 000377182).

National MTQ Invitational Competition Portal — Laravel · Bootstrap · MySQL
Lead Fullstack Developer — 2021 – 2023

- **Automated Tournament Scoring Engine:** Architected centralized competition portal (lomba.uny.ac.id/mtqm) managing multi-stage student registrations, proposal uploads, and video submissions across 12 categories; built dynamic server-side scoring engine with automated institutional affiliation masking for unbiased evaluations.

PUBLICATIONS, HONORS & INTELLECTUAL PROPERTY

- **Peer-Reviewed Journal Publication (JATIKA):** Co-authored 'Science Card Games Berbasis Augmented Reality sebagai Solusi Mengatasi Learning Loss Pasca Pandemi COVID-19' in Jurnal Informatika dan Rekayasa Perangkat Lunak (JATIKA, Vol. 3 No. 4, Dec 2022).
- **Two National Copyrights (HKI):** Granted official software & visual-aid copyrights by DJKI Kemenkumham for 'Plant Escape: Science Card Application' (No. 000377191) & 'Plant Escape: Science Card Games' (No. 000377182).
- **1st Place National Champion:** Energy-Efficient Vehicle Contest (KMHE 2022, Urban Concept ICE Gasoline), National Achievement Center / Ministry of Education.
- **National Scientific Paper Awards:** 3rd Place National Award (2021) at Universitas Lampung for 'Vircon Classroom: Synchronous Hybrid Learning System' & 1st Place National Champion (2020).
- **National Research Grant & Finalist:** National Student Research Grant (PKM-RSH) funded by the Ministry of Education & National Student Science Olympiad Finalist (PIMNAS 35, 2022).
- **International Delegations:** Selected Indonesian delegate for Sakura Science High School Program (JST Tokyo, Japan, 2018) & PKNU International Summer School (Busan, South Korea, 2024).

SKILLS, CERTIFICATIONS & INTERESTS

- **Technical & Functional Skills:** PHP (Laravel, Yii, Native), TypeScript, JavaScript, HTML5/CSS3, Tailwind CSS, Bootstrap, C# (Unity), Python, PostgreSQL, MySQL, BigQuery, REST APIs, Unity 3D, Vuforia AR, Android SDK, Moodle LMS Courseware, Linux (Ubuntu/Debian), Nginx, Cisco Networking, Statutory Immigration Compliance.
- **Certifications & Professional Training:** Certified Junior Network Administrator (BNSP, 2021–2024, SKKNI J.611000, MTCNA/CCNA equivalent) | Bangkit Academy Cloud Computing Graduate (Google, GoTo, Traveloka, 2023) | Scrum Project Management (Kemendikbudristek KMMI, 2021) | Google Cloud: BigQuery Data Engineering (2022) | System Administration & IT Infrastructure (Google/Coursera, 2023) | JavaScript Programming (Dicoding Indonesia, 2023–2026).
- **Languages & English Proficiency:** English (Full Professional: EF SET Score 77/100 C2 Proficient; TOEIC Official Score 925/990, ETS), Indonesian (Native), Malay (Working Familiarity), Javanese (Native).
- **Interests:** High-concurrency systems, EdTech Augmented Reality, Cloud Architecture, Campus & International Operations, Open-source software.
