ALIFAH MAULIDDIN NUR IKHSAN, S.T.

Fullstack and EdTech Engineer · Web · Mobile · AR · Institutional Systems

Yogyakarta, Indonesia (open to remote & relocation) · +62 857-1349-9514 · alif.maulidin@gmail.com

LinkedIn: linkedin.com/in/maulidinalif · GitHub: github.com/mauliv · Portfolio: mauliv.github.io

Fullstack and EdTech Engineer with a Bachelor of Engineering in IT (UNY, GPA 3.77 High Distinction) and 5+ years building high-concurrency web platforms, mobile AR learning tools, and institutional operations. Specialized in Native PHP 8.2, PostgreSQL 15, Laravel, Unity 3D/Vuforia AR, Linux administration, and campus systems. Seeking Fullstack or EdTech Engineering roles where high-concurrency reliability, learning technology, and institutional-scale operations are the primary challenges.

EDUCATION

Universitas Negeri Yogyakarta (UNY) — Yogyakarta, Indonesia

Bachelor of Engineering (S.T.) in Information Technology | GPA: 3.77 / 4.00 (High Distinction) — Graduation: July 2026

Undergraduate Thesis: Application of WebQual 4.0 & Importance-Performance Analysis (IPA) to Measure the Quality of UNY International Mobility Information System (SIMOBY UNY).

SMK Negeri 3 Yogyakarta — Yogyakarta, Indonesia

Vocational High School Diploma, Computer Network Engineering (TKJ) | Average Score: 85.3 — 2016 – 2019

Honors & Capstone: Sakura Science High School Program (SSHP) Indonesian Delegate to Tokyo, Japan (JST, 2018). Capstone: Deployed Network Attached Storage (NAS) via XigmaNAS.

PROFESSIONAL EXPERIENCE

International Office Universitas Negeri Yogyakarta (KUI UNY) — Yogyakarta, Indonesia

Fullstack and EdTech Engineer & Institutional Operations (Student Employee — University Executive Appointment) — August 2020 – July 2026

- **Institutional Operations & Governance:** Re-appointed 5 consecutive years by university leadership (annual Rector Decrees) — longest continuous student engineer tenure in International Office history. Managed end-to-end departmental operations, statutory immigration compliance for 200+ foreign scholars, and institutional digital workflows.
- **Enterprise Systems & Data Integration:** Engineered official institutional portals (io.uny.ac.id and simoby.uny.ac.id) using PHP Yii Framework, building data pipelines unifying Admissions (PMB) and Academic (SIAKAD) databases into a centralized CRM; evaluated UX and reliability via WebQual 4.0 and IPA.
- **Moodle LMS Administration & Deployment:** Administered course modules, student enrollment, and digital assessment workflows on UNY's Moodle-based LMS (besmart.uny.ac.id) for specific university programs; experienced in independently deploying, configuring, and maintaining standalone Moodle-based examination systems.
- **Immigration Compliance & Legal Administration:** Managed statutory immigration compliance with the Directorate General of Immigration: E-Visa processing, Limited Stay Permits (ITAS/KITAS), Temporary Domicile Certificates (SKTT Dukcapil), Police Reports (STM), and departure clearances (EPO) for international students.
- **Event Coordination & Institutional PR:** Coordinated student committees for flagship international conferences and diplomatic events (GCF 2024 with 50+ international performers, GLOSHIP 2025, InCoTEPD 2024, ETSS 2024, AASVET 2023); grew official @io.uny communications channel from 0 to 8,000+ followers.

Universitas Negeri Yogyakarta — Yogyakarta, Indonesia

Lead Systems Architect & Developer — Pemilwa E-Voting Platform — August 2020 – Present

- **High-Concurrency Election Engine:** Architected and maintained official university-wide student election platform (pemilwa.uny.ac.id) built in lightweight Native PHP 8.2 and PostgreSQL 15; served 39,725 eligible student voters (DPT) across 8 faculties with 100% service availability over 5 consecutive annual election cycles.
- **5-Tier Unified Ballot & Concurrency:** Engineered a 5-tier unified single-page responsive ballot booth presenting all student governance races simultaneously; enforced atomic multi-ballot submissions with PostgreSQL row locking, preventing vote loss, partial dropouts, and race conditions during peak traffic windows.
- **SSO Security & Governance Integrity:** Integrated institutional Central Authentication Service (CAS) Single Sign-On over TLS, dual-key KPU & BAWASLU digital ballot box unlock modules, and tamper-evident hashed session audit trails with automated voting time-window guards on on-premise university data center servers.

Faculty of Engineering, Universitas Negeri Yogyakarta — Yogyakarta, Indonesia

Teaching Assistant (Asisten Dosen) — Web Development & Fundamental Programming — January 2024 – July 2024

- **Curriculum & Technical Instruction:** Instructed 40+ Electrical Engineering undergraduates in full-stack web development (HTML, CSS, JavaScript, PHP, MySQL) across 2 semesters, conducting weekly live coding demonstrations and code reviews.
- **Project Mentorship:** Mentored 40+ students through end-to-end web deployment projects, teaching relational database design, clean coding standards, and server configuration.

UPT Telematika (Computer Center) UPN 'Veteran' Yogyakarta Yogyakarta, Indonesia
Computer Network Engineer Intern September 2018 – November 2018

- **Enterprise Network Infrastructure:** Installed, configured, and bench-tested enterprise networking hardware, including Cisco Switch 3850 series, campus-wide Wi-Fi access points, and rackmount server units.
- **Cable & Routing Diagnostics:** Terminated and tested Fiber Optic lines (singlemode/multimode) and CAT6 UTP cabling across faculty buildings; resolved campus-wide VLAN routing, subnetting, and IP address conflicts.

PrivyID (PT Privy Identitas Digital) Yogyakarta, Indonesia
Data Operations & Verification Intern June 2019 – August 2019

- **Compliance & Data Security:** Processed and verified 500+ enterprise client identity credentials with strict compliance to national digital certificate regulations and ISO/IEC 27001 data security standards.

LEADERSHIP & KEY PROJECTS

UKM Rekayasa Teknologi (RESTek) UNY Yogyakarta, Indonesia
Chairman & Head of IT Research Division December 2020 – January 2023

- **National Championship Leadership:** Directed university-wide engineering research organization across 5 specialized technical divisions; led student team to 1st Place National Champion at Kontes Mobil Hemat Energi (KMHE 2022) in Urban Concept ICE Gasoline category.
- **Technical Mentorship & Research Governance:** Mentored student research initiatives in web development, applied robotics, and national competitions, overseeing technical design reviews and hackathon preparation across engineering departments.

Google Developer Student Clubs (GDSC) — UNY Chapter Yogyakarta, Indonesia
Chapter Lead & Technical Director August 2020 – August 2022

- **Academic Skills Development:** Led a Google-affiliated developer community, organizing hands-on coding labs, developer workshops, and study jams for 200+ student engineers across Web Development and Cloud Computing tracks.

Kemendikbudristek PHP2D Grant (UKMF KRISTAL UNY) Gunungkidul, Indonesia
Technology Lead & Grant Co-Recipient July 2021 – December 2021

- **Supply Chain & Digital Transformation:** Directed supply chain modernization funded by an IDR 44.6M national ministry grant; engineered direct commerce platform (kerupukpatilo.id) on PHP/MySQL with WhatsApp order dispatch and coordinated industrial machinery procurement.

PUBLICATIONS, HONORS & INTELLECTUAL PROPERTY

- **Peer-Reviewed Journal Publication (JATIKA):** Co-authored "Science Card Games Berbasis Augmented Reality sebagai Solusi Mengatasi Learning Loss Pasca Pandemi COVID-19" in Jurnal Informatika dan Rekayasa Perangkat Lunak (JATIKA, Vol. 3 No. 4, Dec 2022). [Read Publication / ResearchGate]
- **Two Intellectual Property Rights (HKI):** Awarded official Hak Cipta by Kemenkumham RI for 'Plant Escape AR' Mobile Application (No. 000377191) & companion Science Card Game (No. 000377182) (September 2022).
- **1st Place National Champion:** Urban Concept ICE Gasoline Category, Kontes Mobil Hemat Energi (KMHE 2022) — Puspresnas Kemendikbudristek RI.
- **National Research Grant & Finalist:** Program Kreativitas Mahasiswa (PKM-RSH) funded by Kemendikbudristek Belmawa & 35th Pekan Ilmiah Mahasiswa Nasional (PIMNAS 35 Finalist, 2022).
- **National Community Empowerment Grant (PHP2D):** Co-recipient of competitive IDR 44.6M+ national grant from Kemendikbudristek Belmawa & UNY for rural MSME supply chain digitalization in Gunungkidul (2021).
- **International Delegations:** Selected Indonesian delegate for Sakura Science High School Program (JST Tokyo, Japan, 2018) & PKNU International Summer School (Busan, South Korea, 2024).

SKILLS, CERTIFICATIONS & INTERESTS

Technical & Functional Skills: PHP (Native 8.2, Laravel, Yii), JavaScript, C# (Unity), Python, PostgreSQL 15, MySQL 8, BigQuery, REST APIs, HTML5/CSS3, Bootstrap, Unity 3D, Vuforia AR, Android SDK, Moodle LMS Deployment, Linux (Ubuntu/Debian), Nginx, Cisco Networking, Statutory Immigration Compliance.

Certifications & Professional Training: Certified Junior Network Administrator (BNSP — National Professional Certification Board, 2021–2024) | Cloud Computing Cohort Graduate — Bangkit Academy by Google, GoTo, Traveloka (2023) | Scrum Project Management (Kemendikbudristek KMMI, 2021) | Google Cloud: Exploring & Preparing Data with BigQuery (2022) | System Administration & IT Infrastructure (Google/Coursera, 2023) | JavaScript Programming (Dicoding Indonesia, 2023–2026).

Languages & English Proficiency: English (C2 Proficient — EF SET Score 71/100, August 2026; TOEIC Official Score 925/990, ETS), Indonesian (Native), Malay (Conversational).

Interests: High-concurrency systems, EdTech Augmented Reality, Cloud Architecture, Campus & International Operations, Open-source software.
