EDUCATION

Universitas Negeri Yogyakarta (UNY) — Yogyakarta, Indonesia

Bachelor of Engineering (S.T.) in Information Technology | GPA: 3.77 / 4.00 — Graduated: July 2026

- **Undergraduate Thesis:** Application of WebQual 4.0 & Importance-Performance Analysis (IPA) to Measure the Quality of UNY International Mobility Information System (SIMOBY UNY).

SMK Negeri 3 Yogyakarta — Yogyakarta, Indonesia

Vocational High School Diploma, Computer Network Engineering (TKJ) | Average Score: 85.3 — 2016 – 2019

- **Engineering Capstone Project:** Network Attached Storage (NAS) Server Deployment with XigmaNAS: configured FreeBSD ZFS storage pools, RBAC, and multi-user NFS/SMB network shares.

PROFESSIONAL EXPERIENCE

International Office, UNY — Yogyakarta, Indonesia

IT Systems & International Operations Lead (Student Employee Appointment) — August 2020 – July 2026

- **Office IT & Operations Support:** Appointed across 5 consecutive annual rector decrees as the technical student employee and operations lead; managed office digital workflows, internal IT systems, and 10 recurring international exchange cohorts across 2 partner institutions (7 from Nanyang Polytechnic, 3 from Western Sydney University).
- **Web Portal & Mobility CRM Liaison:** Maintained the official International Office web portal (io.uny.ac.id) and student mobility registration forms; served as operational user liaison for the SIMOBY mobility CRM, evaluating system usability using WebQual 4.0 and IPA for undergraduate engineering research.
- **Courseware Support & Admissions Logistics:** Assisted faculty members with course layouts, learning materials, and quizzes on university Moodle platforms; coordinated operational and technical logistics for prospective international student admissions selection.
- **Statutory Immigration Compliance:** Administered statutory immigration workflows with the Directorate General of Immigration: processed e-visas, limited stay permits (ITAS), domicile certificates (SKTT), and exit permits for 200+ foreign scholars and students with zero infractions across 5 years.
- **Delegations & Institutional Protocol:** Coordinated protocol and logistics for visiting university leadership delegations (UiTM, UMPSA, PKNU, PNU) and managed bilateral discussion rooms at GLOSHIP 2025; managed the official @io.uny social media communications channel.

Universitas Negeri Yogyakarta — Yogyakarta, Indonesia

Lead Developer: Pemilwa E-Voting Platform (University Appointment) — August 2020 – Present

- **High-Concurrency Election Engine:** Built and maintained the university student election platform (pemilwa.uny.ac.id) using Native PHP and PostgreSQL; served 39,725 eligible student voters across 8 faculties with 100% service availability over 5 consecutive annual election cycles.
- **Unified Ballot & Concurrency Control:** Built a 5-tier unified single-page ballot presenting all student governance races on one screen; enforced multi-ballot submissions with PostgreSQL row locking, preventing vote loss and race conditions during peak voting hours.
- **SSO Security & Governance Integrity:** Integrated institutional Central Authentication Service (CAS) Single Sign-On over TLS with university IT (UPT TIK), built dual-key election committee unlock modules, and logged session audit trails on campus on-premise servers.

Faculty of Engineering, Universitas Negeri Yogyakarta — Yogyakarta, Indonesia

Teaching Assistant (Asisten Dosen): Web Development & Fundamental Programming — January 2024 – July 2024

- **Curriculum & Technical Instruction:** Instructed 40+ electrical engineering undergraduates in web development (HTML, CSS, JavaScript, PHP, MySQL) across two semesters, conducting weekly laboratory coding sessions and code reviews.
- **Project Mentorship:** Guided 40+ students through end-to-end web deployment projects, teaching relational database schema design, coding standards, and local server setup.

PrivyID (PT Privy Identitas Digital) — Yogyakarta, Indonesia

Data Operations & Verification Intern — June 2019 – August 2019

- **Identity Verification & Compliance:** Processed and verified client identity credentials in accordance with national digital certificate regulations and ISO/IEC 27001 data security procedures.

UPT Telematika, UPN 'Veteran' Yogyakarta — Yogyakarta, Indonesia

Computer Network Engineering Intern — September 2018 – November 2018

- **Campus Network Infrastructure:** Assisted senior network engineers with Cisco switch installation, fiber optic termination, and campus laboratory local area network configuration.
